Public Inspection Requirement

An exempt organization must make available for public inspection, upon request and without charge, a copy of its original and amended annual information returns. Each information return must be made available from the date it is required to be filed (determined without regard to any extensions), or is actually filed, whichever is later. An original return does not have to be made available if more than 3 years have passed from the date the return was required to be filed (including any extensions) or was filed, whichever is later. An amended return does not have to be made available if more than 3 years have passed from the date it was filed.

An annual information return includes an exact copy of the return (Form 990 or 990-EZ and amended return, if any) and all schedules, attachments, and supporting documents filed with the IRS. In the case of a tax-exempt organization other than a private foundation, the names and addresses of contributors to the organization need not be disclosed, and Schedule B has been redacted accordingly.

For returns filed by Section 501(c)(3) organizations after August 17, 2006, Form 990-T must also be made available for public inspection. However, only those schedules, statements, and attachments to Form 990-T that relate to the imposition of the unrelated business income tax must be made available for public inspection.

This copy of the return is provided only for Public Disclosure purposes. Any confidential information regarding donors, and schedules or attachments to Form 990-T that do not relate to the calculation of unrelated business income tax, have been removed.
