### Community Dashboard

#### JULY 2018–JUNE 2019

**Program Level Outcomes**

This section illustrates the total number of participants who reported achieving specified outcomes, and the corresponding percentage of achievement for all participants working on that outcome.

**Senior Crisis Intervention**
- Participants seeking and receiving critical senior services: 1031 (100%)
- Participants who reported increased self-sufficiency as a result of services from the senior crisis intervention programming: 539 (64%)

**Senior Service Network Navigation**
- Participants who reported the program helped them get needed services: 582 (68%)
- Participants who received assistance with completing applications: 513 (100%)

**Populations Served Across All Priority Areas**

Below are the boundary- and priority area- spanning populations that WCF are prioritizing across the funding portfolio. Percentages are estimates based on data from programs electing to track the information—they do not represent totals for all WCF participants.

#### Demographic Data

**Breakdown by Income**
- Income of all WCF Participants (FY19): Total served: 2,687

**Breakdown by Race**
- Race of Older Adult Residents (FY19): Total served: 2,687

**Breakdown by Gender**
- Gender of Older Adult Residents (FY19): Total served: 2,687

---

**Older Adults**

Our Community Outcome: Increase or maintain independent living factors for vulnerable adults 60 years of age and older with low incomes.

**Community Trends**
- The percentage of those 65+ who live below poverty level has steadily hovered at around 6%.
- There is a nine-year disparity in life expectancy between residents in Ypsilanti Township and those in the cities of Chelsea, Saline, and parts of Ann Arbor.
- There is a 14-year disparity based on race.

**Older Adults in Washtenaw County**
